

Memorial Healing Garden Project Sponsorship Opportunities

We are so excited to announce that the Town of Parker Public Works Department has approved a landscaping plan for our RTF Angel Memorial Plaza. A portion of this project (the lower segment of the design pictured, near the paved path) has been completed as part of an Eagle Scout project. The rest is up to us.

Email or call with any questions about sponsorship opportunities. Donations are tax deductible as allowed by law. Our Facebook, Twitter and E-news reach is over 2,000 and our website averages 125k hits/mo.

The Public Works Department has generously agreed to donate all the labor and design work for the project, so we are responsible only for the materials.

Our estimated retail cost for this project is \$15,000.

\$250

- Small logo on website and website slideshow
- Listing in next event program
